Why choose Landair Surveys

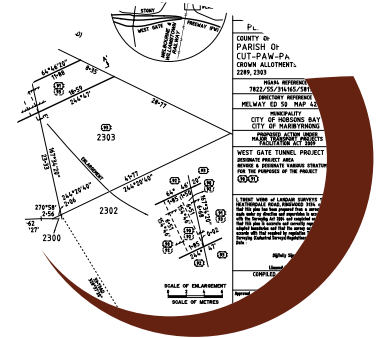

As an incumbent on **numerous government supply panels**, we're familiar with the approval processes and specific standards needed for public sector projects. We:

Have experience with government projects, timelines and approval processes.

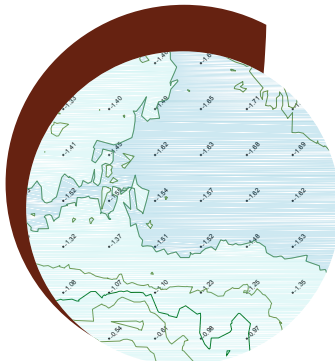

Keep you informed to mitigate delays and guide you through procedural hurdles.

Are panel-approved and licensed surveyors who know how to meet government standards.

Are available on-demand and adapt to tight schedules – completing surveys promptly.

Communicate clearly and are proactive – to make stakeholder coordination smoother.

Collaborate with your consultants on solutions to minimise scheduling disruptions.

How we support your project

Landair's team of licensed surveyors brings extensive local knowledge, legal expertise and technical proficiency to every project.

We capture your spatial data using...

- ✓ Title re-establishment surveys
- ✓ Control and monitoring surveys
- ✓ Feature and level surveys
- ✓ Underground services surveys
- ✓ Bathymetric surveys

We deliver actionable data as...

- ✓ Accurate plans and contour maps
- ✓ Property boundary plans
- ✓ Dredge calculations
- ✓ Licensed surveyor plans and reports

See our success on a project like yours

Project
Ridgewalk Project

Client
Yarra Ranges Council

Completed
May 2024

Location
Kalorama to Belgrave, Victoria

Landair Surveys are easy to work with. They have invaluable local and legal knowledge, keep you updated on what's happening and give you genuinely useful advice. The team is also very good at dealing with local stakeholders."

Paul Goodison
Project Manager at Yarra Ranges Council

Since 2019, Landair Surveys has supported Yarra Ranges Council with feature and level surveys, title re-establishment and underground services surveys to assist in route analysis and trail design for the Ridgewalk Project. A **39 km track** through the Dandenong Ranges, Ridgewalk includes 14 km of new and upgraded trails, architectural nodes, sculptures and heritage interpretation.

Surveying work included re-establishing alignments along Mount Dandenong Tourist Road between Olinda and Sassafra and mapping rugged terrain for new trail sections,

car parks and amenities. Most of the Landair team has **contributed to this complex project**, with upgrades commencing in 2022.

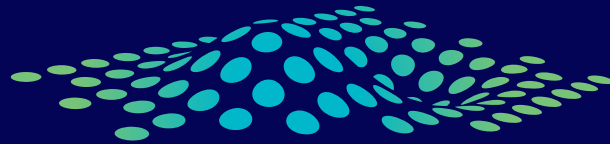

See our **government infrastructure partners**

Delivering essential data to local councils and state departments, Landair is a trusted partner for **major infrastructure projects** and public land management in Victoria.
